Hi Peter,

Just a reminder to direct the LN team to use the visitor registration form ahead of their trip to the LBTO. This ensures bedrooms and safety training is assigned. Since it has been a few years since the group has had safety training (with the exception of the 1 new member), I will be assigning everyone to the safety online training this time.

Also note that I would like to spend 2 hours with the team upon arrival to the observatory for a walkthrough and review of hazards associated with the upcoming work. Is it possible to schedule that for the first day arrival on Tuesday the 24th?

Here is the registration site and a general reference site for visitors to the LBT:

- http://abell.as.arizona.edu/~lbtsci/mountain_reservations.html
- <https://wiki.lbto.org/Safety/InstrumentTeamSafety>

Thanks and regards,

David
