Hi Al and David,

in case the information is missing in an informal way (because rooms have already been assigned and things discussed at last videocon), the people coming up for the run are the ones in cc

7 people: Luca, Jacopo, Elena, Davide R., Daniele (familiar with LBT environment) + Valentina D'Orazi and Dino Mesa (who still need to do the training).

They will all come up at the same time (same flight), with 2 rental cars, on January 5th afternoon (flight arrives in Phoenix on Jan 4th evening) and leave the mountain on January 12th around lunch-time (flight back to Italy from Phoenix in the evening).

Let me know if more infos are needed.

Cheers,

Maria
